BOB BOB

999·999·9999 ⋄ bob@spaceship.com ⋄ bob.ship

Education

Einstein Labs M.Sc. Inertial Frames **2021 –**

Lorentz Institution **2017 – 2020**
B.Sc. Time Dilation *&* Length Contraction, Minor Simultaneity *CGPA: 4.0/4.0* *Dean's List*

Honours: For the short version of the template, it's better to write your awards here.

Technical skills: Python (numpy, tensorflow, matplotlib, pandas), Java, HTML/CSS, JavaScript (p5.js), C, LaTeX; Bash, Git; Adobe Photoshop *&* Illustrator, GIMP; Blender.

Research Experience

Relativity Research Group *Research intern* **May 2020 – present**
↪ Prof. Hermann Minkowski *Institution*
- Participated in experiments involving travelling at very high speeds holding clocks and rulers.
- This is an environment for your positions with 5 fields: research group or topic, date, position name, professor or group, institution.

  Here's a little comment after a position if you want one (not really recommended).

Bathtub Labs *Junior Tree Researcher* **January 2021 – present**
- If you want to remove the second line (professor and institution), simply leave those two fields empty.

Publications

A. Alice and **B**. **Bob**. A publication list from a .bib file. *Some Journal*, 99(9):9–99, 1978.

Awards

A short prize **2019, 2020**
If you have space to add this section here, after each prize you need to add a \medskip after for spacing.

A prize **2019**
Another description.

Technical Projects

Einstein Institution (August 1978 – present)
- Stood in many elevators careening towards earth, and travelled into the event horizon of black holes.
- Further mastered holding clocks and rulers.

Seminars on Relativity in Space (Sept. 2020 – Jan. 2021)
- Organizing the 2021 edition of the conference, hosted on a space-ship travelling at .9 of the speed of light.

Lorentzian Geometry (bob.ship/lorentz)
- A project description on its own line so that it can be pretty long, though I can't think of what to write here.
